AANA and NBCRNA Dual Enrollment Program Instructions

- Access the SRNA Dual Enroll web site at - [SRNA DualEnroll](#).
- Select either the AANA or NBCRNA button to begin
- Use corresponding credentials to login
- From the **Student Enrollments** landing page select **Add a Cohort**
- Under **New Cohort** populate the following required fields; **Official Enrollment Date, Official Completion Date, Length of Program, Degree to be Awarded**. Calendar icons and drop down boxes are provided to facilitate data entry
- If there is a **Post-Master's Certificate to be Awarded** in the cohort of new enrollees use the drop-down box and select certificate type
- In the **AANA Associate Member Dues** area select Student or Program to indicate payment responsibility
- Enter the **Total Number of Student Enrollments** in the box provided
- Under **Add Students** copy and paste an email list of your new enrollees. This can be copied from an Excel file or an Outlook email address file.
- Click on the blue button to **Save and Invite**
- Your new enrollees will receive an automatic email with a link inviting them to create an account, complete an enrollment form and make a membership payment if indicated. The license number and expiration date of a current RN license are required to complete the form.

-
- Once the invitations have been sent, the students will be listed under **Edit Cohort**. If a duplicate invite needs to be sent, click the button labeled **Resend Invite**. Use the **Remove** button if the email is incorrect a corrected email can be added in the **Add Students** window if needed.
Note: Invites can sometimes be diverted to junk/spam folders. It is advised that students check these folders, if they are unable to locate the invite.
 - As students complete their enrollment forms, their information, as they've entered it, will be available to view. Review for accuracy, and if a correction is required, select the **Return to Student** button. If the information is accurate select the **Approve** button.
 - As the students are approved they move into **Students Pending Submission**
 - If a student followed the email link and created an account but did not complete the NBCRNA enrollment form they will appear as **Registered/Incomplete**. These students will need to access their account and select **Student Enrollment** to complete the process.
 - Once all the students have completed the enrollment process, the Program Administrator completes the final step by selecting **Submit Enrollments**.
 - Once this is completed, the AANA and NBCRNA will process your new student enrollments

 - For payment, select the radio button next to Program or Student.
 - For candidate photos, select the radio button next to Program or Student.
- At the bottom of the page, click on the blue button labeled **Create**.

ACADEMIC AND CLINICAL EXPERIENCES

- Select the **Academic and Clinical Experience** icon.
- Select the blue **Import Academic and Clinical Experience from File** button
 - **Choose File** to find the Excel file saved with this data.
An Excel file in an .xlsx or .xls format is preferred. The system will reject an Excel file saved in a HTML format. If your file is not accepted, save the file as an Excel Workbook in an .xlsx or .xls format and resubmit. If an Excel file is unavailable the option to manually enter the data is provided.

- Select the blue **Upload** button to begin the upload process that matches the file names to the candidate names selected.

The candidate names will turn green, indicating that this step was successfully completed.

If the names do not turn green, it is due to one of the following:

- The first and last names of the candidate do not exactly match what is on file with the NBCRNA. Make the correction in the Excel file or email the NBCRNA to make the correction in the candidate file. Repeat the upload process.
 - The number of selected candidates from the **Create Application** stage do not reconcile with the number of files in the Excel spreadsheet. Make the correction by calling the NBCRNA to deselect the candidate from the application process or if the Excel file has an additional name (usually from a student who has withdrawn from the program) delete the name from the Excel file and repeat the upload process.
- Once all of the names have turned green, the status will indicate that the records **Matched**. Select the blue **Update Selected** button. During this step, all of the academic and clinical experiences will flow into the NCE Application.
 - There will be two green buttons next to each candidate's name: **Edit Transcript** and **Review for Approval**.
 - Select **Review for Approval** to review and approve all of the imported data.
 - If all of the data are acceptable, populate the checkbox at the end of the document. The checkbox states *"I verify that the above academic and clinical experience records are accurate."* When completed, select the green **Submit** button. Please note that the ACLS and PALS requirement defaults to state "expires on or after Completion Month/Last Day of Month/Completion Year."
 - At the end of the document there is language to indicate that the Graduate has received a separate course in:
 1. Advanced Health Assessment
 2. Advanced Pharmacology
 3. Physiology and Pathophysiology

Graduate was educated in the:

1. Nurse anesthetist role
2. Population foci across the lifespan

The data can be confirmed/populated in the edit mode

- If the information needs to be corrected, select the green **Edit Transcript** button under **Academic and Clinical Experience** icon.
- Make any necessary corrections and select the green **Submit** button at the end of the document when finished. After the corrections are submitted, access the **Review for Approval** feature to officially accept the changes completed during the edit.

CANDIDATE PHOTOS

- If the program is responsible for providing the photo, select the **Candidate Photos** icon. Photos need to be uploaded for each selected candidate.
- Instructions state *“Please upload a color digital photo of the student for identification purposes. The photo must be a full face view without digital enhancements or altered to change their appearance in any way. The file must be a .jpg, .png, or gif.”*
 - Open the **Browse** feature and click on the file that matches the selected candidate.
 - Select the green **Upload** button the selected image will be displayed on the screen.
- Once displayed, there will be the option to **Change Image** or to confirm that the image has been **Reviewed for Approval**. The **Reviewed for Approval** checkbox states *“I verify that the above image is a color digital photo of the student that can be used for identification purposes. The photo is a full face view without digital enhancements or altered to change their appearance in any way.”*
