Resources on Continued Professional Competency

The following list cites some of the medical and scientific resources that the Recertification Task Force and NBCRNA Board of Directors used in the evaluation of the current CRNA recertification program and in the development of the proposed CPC Program. References in bold are prioritized.

IOM Redesign CE Summary.

NBCRNA Report on the Pain Practice Analysis

NBCRNA Report on the Recertification Practice Analysis

NCC Continuing Competency Initiative Handbook.

Additional Resources Related to Continued Competency and Recertification
