

Check Out the Check-In!

CPC Program 2-year Check-in Window Opens April 2018

All CRNAs who recertified or initially certified in 2016 will need to complete their next step in the CPC Program in 2018 — the quick and easy 2-year Check-in! This process is the mid-point requirement in the 4-year CPC Program cycle, and it only takes about 10 minutes to complete.

At the 2-year Check-in, opening in April, CRNAs will:

- Confirm current licensure and practice
- Update contact information
- Pay the CPC fee — the same fee amount as in the past
- Check CPC Program compliance progress (Class A, B, Core Modules)

2-year Check-in

When is your 2018 2-year Check-in deadline?

Recertified
in 2016

July 31, 2018
Window opens
April 3, 2018

Initially certified on or before
July 31, 2016

Initially certified on or after
August 1, 2016

The month of your
original certification

For example, if you initially certified on 9/3/16, you will do your 2-year Check-in by 9/30/18. Your check-in window will open beginning three months before your 2-year Check-in deadline.

Note: While you are encouraged to earn credits throughout your 4-year CPC Program cycle, you are not required to have completed any Class A or Class B credits at your 2018 2-year Check-in. Also, if you recertified or initially certified in 2017, you will not need to check-in until 2019.
