

Check Out the Check-In!

CPC Program 2-year Check-in Window Opens April 2019

All CRNAs who recertified or initially certified in 2017 will need to complete their next step in the CPC Program in 2019 — the quick and easy 2-year Check-in! This process is the mid-point requirement in the 4-year CPC Program cycle, and it only takes about 10 minutes to complete.

At the 2-year Check-in, CRNAs will:

- Confirm current licensure and practice
- Update contact information
- Pay the CPC fee — the same fee amount as in the past
- Check CPC Program compliance progress (Class A, B, *Core Modules)

**Core Modules are optional during this first 4-year cycle.*

2-year Check-in

When is your 2019 2-year Check-in deadline?

Recertified in 2017

July 31, 2019

Initially certified in 2017

The month of your original certification

For example, if you initially certified on 9/3/17, you will do your 2-year Check-in by 9/30/19. Your check-in window will open three months before your 2-year Check-in deadline.

Note: While you are encouraged to earn credits throughout your 4-year CPC Program cycle, you are not required to have completed any Class A or Class B credits at your 2019 2-year Check-in.
