Promoting patient safety by enhancing provider quality.

NCE INTERPRETIVE GUIDE Calendar Year 2023 (CY 2023)

Program Administrators may access summary score reports for the National Certification Examination (NCE) and the Self-Evaluation Examination (SEE) via the NBCRNA website through the Program Administrator's portal. The summary report will contain the results of all currently enrolled students or graduates of the program up to the most recent five years. Neither current students, nor program graduates, can request program summary or individual NCE or SEE score reports, as this reporting capability is limited to designated Program Administrators.

The information contained in this guide is intended to assist in interpreting NCE and SEE test takers' scores. The score summaries contained in this document are based on test taker performance in calendar year 2023 (CY 2023) from January 1, 2023 to December 31, 2023.

• Program Administrators:

- The Program Administrator summary report is in Excel format. The report contains student name, test date, exam number, total scaled score, result (P/F), and content area scaled scores. The content areas are described in detail in the test content outline of the National Certification Examination (NCE) Candidate Handbook.
- To calculate the first-time test taker average for the total scaled score and each content area score for your students, simply sort the Excel spreadsheet by exam number (1 for first-time takers), sum the candidate scores for your program, both for the total score and for the content area scores, and divide by the number of candidates for your program. <u>Refer to the *NCE Example of Calculating an Average* that appears on the next page of this document. These averages can be compared to the national NCE means (total and content area scores) in Table 1 on page 2.
 </u>
- The scaled score is a transformation of the examinee's ability score estimated based on their test performance. The scaled score is listed for the total test and each of the content areas ranging from 0-900. The scaled score required to pass is 450 on the total test. Domain area scores are computed independently and cannot be averaged to produce the total test score.
- <u>Students</u>:
 - Compare your scores to the national NCE means in *Table* 1 on the next page.

Total					1852		1891	1658	1895	1867
Average					463		472	414	473	466

(Average = Total Divided by number of test takers; in this case 4)

Score 1= Basic sciences

Score 2= Equipment, instrumentation and technology

Score 3= General principles of anesthesia

Score 4= Anesthesia for surgical procedures and special populations

Table 1: Descriptive Statistics for NCE Overall and Domain Scores—First-Time Candidates for CY 2023

		Standard
	Mean	Deviation
Total Score	483.9	47.5
Basic Science	485.2	63.5
Equipment, Instrumentation and Technology	491.1	70.8
General Principles of Anesthesia	488.9	57.7
Anesthesia for Surgical Procedures and Special Populations	486.5	58.6

SEE INTERPRETIVE GUIDE, Calendar Year 2023 (CY 2023)

The NBCRNA launched the reconfigured version of the Self-Evaluation Examination (SEE) on September 1, 2016 to mirror the content outline for the NCE. The length of the examination increased from 160 to 240 total questions with the testing time limit increased from three to four hours. The SEE content outline was modified again in May of 2018 to reflect the January 2018 revisions to the NCE content outline.

The information contained in this guide is intended to assist in interpreting test takers' SEE scores. This interpretive guide is based on the results data of test takers who took the SEE in calendar year 2023 (CY 2023). Students and Program Administrators may follow these instructions to compare SEE performance using the data tables contained within this guide. Starting in 2020, only calendar year Interpretive Guide is provided.

- <u>Program Administrators</u>:
 - The Program Administrator summary report is in Excel format. The report contains student name, test date, year in program, total scaled score, and content area scaled scores from 1-4. The content areas are described in detail in the test content outline of the Self–Evaluation Examination (SEE) Candidate Handbook.
 - The scaled score is listed for the total test and each of the content areas and is a transformation of the examinee's demonstrated ability measure. The scaled scores on the SEE range from 300-600.
 - To calculate the average for the SEE total scaled score and each content area score for your students, simply sum the candidate scores for your program, both for the total score and for the content area scores and divide by the number of candidates for your program. <u>Refer to the SEE Example of Calculating an Average</u> that appears on the next <u>page</u>.
 - These averages can be compared to the national SEE averages in Table 2 on the next page and to the cumulative percentage tables starting on page 5.

SEE EXAMPLE OF CALCULATING AN AVERAGE

Report of SEE Takers for Program 0111 Test Dates 7/1/20XX to 7/31/20XX

Program	Exam	Name	Test Date	Year in Program	Total Score	Score 1	Score 2	Score 3	Score 4

General Principles of Anesthesia	409.4	46.0	424.3	48.9	436.1	45.9	425.8	48.4
Anesthesia for Surgical Procedures and Special Populations	411.2	47.6	425.1	47.8	439.4	45.1	427.5	47.9

Students:

• Compare your scores to the cumulative percentage tables starting on page 6.

SEE CUMULATIVE PERCENTAGE TABLES

At the top of the following pages, the main headings list each of the content areas and the total test score. You can compare your individual or your students' performance with other students for each of these content areas by following the appropriate heading.

Under each main heading you will see groups of columns with subheadings as in the following example:

	Year 1 Cum %	Year 2 Cum %	Year 3 & Up Cum %	All Cum %
401-410	45.9	42.7	35.5	41.0
411-420	55.5	51.2	44.1	49.7
421-430	64.8	59.4	54.5	58.7
431-440	71.8	67.8	62.3	66.7
441-450	79.3	75.3	71.4	74.7

Basic Sciences

To compare a score on "Basic Sciences," locate the column on your Program Administrator report labeled score 1 and find the student's scaled score. If the student's scaled score on this content area was 405, you would look down the first column on the cumulative percentage table for "Basic Sciences" until you find the score range of 401-410. The next column to the right, labeled "Year 1 Cum. %," lists the corresponding cumulative percentage of 45.9 for all first-year examinees. The 42.7 in the next column is the cumulative percentage for all second-year examinees. The 35.5 in the next column is the cumulative percentage for all second-year examinees. The corresponding cumulative percentage of 41.0 for all examinees at that scaled score value is listed in the far-right column labeled "All Cum. %." This means that with a scaled score of 405 on "Basic Sciences," your student scored higher than or equal to 41.0% of all examinees on that content area. Score comparisons among Year 1 students should be made with caution because of the small sample size of this subgroup in CY 2023.

Students should use these tables in the same manner as Program Administrators to interpret their individual SEE performance across the content areas and total test.

Score 1: Basic Sciences

Score 2: Equipment, Instrumentation and Technology

	Year 1 Cum %	Year 2 Cum %	Year 3&Up Cum %	All Cum %			Year 1 Cum %	Year 2 Cum %	Year 3&Up Cum %	All Cum %
