2007 – FY 2013	
ADMINISTRATION DATE(S)	PERCENT PASS
2007	93.1
2008 (graduates 2007-2008)¹	89.9
2009 (graduates after 2008)	87.7
2010	88.9
2011	89.1
FY 2012	88.5
FY 2013	88.4

¹⁾ The policy limiting the time frame for passing the National Certification Examination (NCE) to 2 years following completion of a nurse anesthesia educational program was implemented. This was the last opportunity for a number of first time candidates who had completed programs prior to 2007, but who had never tested, to take the NCE. The reporting data for those few first time takers was separately identified.
